

# Electric Vehicles

Solving the rural mobility challenge

Warwickshire Rural Electric Vehicle (WREV) Showcase

Join us as we present our findings of the WREV project

- Electric transport solutions for rural enterprises
- Discussion by industry and policy experts on the future of rural transport
- Participant case studies: their electric vehicle experiences
- Opportunity to test drive commercial electric vehicles
- Network with industry, EV chargepoint suppliers, dealers and manufacturers

This event draws on the experiences of a range of small businesses in rural Warwickshire who adopted electric vehicle technology as part of the WREV project.

This showcase will feature presentations from academics and industry representatives, alongside dialogue with trial participants, to consider how EVs can be utilised as cost effective and sustainable transport solutions for rural located businesses.

The project is part of the Warwickshire Rural Growth Network funded by Defra and led by Warwickshire County Council on behalf of the Coventry and Warwickshire Local Enterprise Partnership (CWLEP).
